**Project HOPE Foundation** leads the way in serving children with autism in South Carolina through four programs, each focusing on a particular aspect of our mission to: Help families • Open minds • Promote inclusion • Expand potential.

One in every 110 children born today will be diagnosed with autism. Through our school, Hope Academy, we serve over 100 typical and autism-diagnosed children. Our students come from a diverse cross-section of our community and can attend regardless of family income.

Through Hope Reach, our non-profit provider of one-on-one behavioral therapy, we reach more than 60 children every day.
