**Project HOPE Foundation** leads the way in serving children with autism in South Carolina through four programs, each focusing on a particular aspect of our mission to: **H**elp families • **O**pen minds • **P**romote inclusion • **E**xpand potential.

Today, more than ever,  
we need your support.

One in every 110 children born today will be diagnosed with autism. Through our school, Hope Academy, we have served nearly 1,000 typical and autism-diagnosed children. Our students come from a diverse cross-section of our community, with many needing scholarship assistance.

Through Hope Reach, our non-profit therapy program, we provide over 1,000 hours of one-on-one services each week.

Entertain your best customers and business associates during a day that will forever make an impact on the life of a child, a family, and a community.

For your convenience, you may register online at: [www.projecthopesc.org/golf](http://www.projecthopesc.org/golf).
